

Ryan White Planning Body: Meeting Agenda & Minutes
Serving Anson, Cabarrus, Gaston, Mecklenburg, Union, and York Counties

Data Orientation Details

Time	Wednesday, May 15, 2019; 11:30 AM – 1:30 PM
Location	Rooms 4011-4012, Valerie C. Woodard Conference Center Suite 4000 (Door E) / 3205 Freedom Drive, Charlotte, NC 28208
Members attending	Annette Huffstead, Bruce Trujano, Chelsea Gulden, Christina Adeleke, Dale Louder, Damion Bethea, Dinikia Savage, Joanna Martinez, Lamar Gill, Robert Winstead, Sue Goodman, Susan Reif, Timothy Nixon, Vivian Perlman, Zafirah Hannibal
Guests	Dorothy Alexander, Kevin Tan, Jeff Edwards-Knight, Kristi McCray, Donna Smith, Valetta Rhinehart, Paris Edwards, Valerie Watkins, Mary Thomas, Mahogany Graham, Heather Wienka, Catherine Kamara, Laura Diop, Patrick Robinson, Kayla Earley
Meeting goals	<ol style="list-style-type: none"> 1. Understand data / trends related to HIV in the TGA 2. Prepare for Priority Setting and Resource Allocation

Agenda

Topic	Presenter	Time
Lunch	Antonny's Caribbean Cafe	11:15-11:30
Meeting Minute & Bylaws review	Kayla Earley, PB Administrator	11:30-11:40
An Overview of HIV/AIDS Surveillance Data	Donna Smith, MCPH Epidemiologist	11:40-12:55
Needs Assessment Updates Report	Kayla Earley, PB Administrator	12:55-1:05
Request for Membership Referrals	Chelsea Gulden, Planning Body Co-Chair	1:05-1:15
Quality Management Performance Measures	Valetta Rhinehart, Health Program Coordinator - QM	1:15-1:30

Action Items for follow up	Assigned To	Due Date
Take & share Needs Assessment survey	Everyone	6/30/19
Complete meeting evaluation survey	Meeting attendees	5/29/19
Attend PSRA: Wednesday, July 24; 10:30a-4:30p Rooms 4014-4015, 3205 Freedom Drive, Charlotte	Voting members	7/17/19

Minutes

Meeting Minute and Bylaws Approval

Kayla Earley asked voting members to review 3/20/2019 Meeting Minutes and Bylaws with amendments (previously presented at 3/20/19 meeting). Susan Goodman reported an error in the minutes, noting that the money listed under the Part D presentation should reflect "Part D and Minority AIDS Initiative" rather than just MAI. Voting members approved the minutes with the proposed amendments with consensus. Earley to amend the minutes accordingly and add to [Planning Body website](#).

Ryan White Planning Body: Meeting Agenda & Minutes
Serving Anson, Cabarrus, Gaston, Mecklenburg, Union, and York Counties

Earley asked voting members to review the Bylaws with amendments and briefly highlighted the two proposed changes. Earley opened the floor for discussion; members did not have questions. Voting members approved amended bylaws as written with consensus.

HIV Data Presentation: Donna Smith, MCPH Epidemiologist

Smith presented *An Overview of HIV/AIDS Surveillance Data in the Charlotte TGA*. Discussion topics included:

1. HIV Infections, Diagnoses and Reports: Are they the same?
2. Incidence vs. Prevalence
3. Overview of Local Surveillance Data

Smith highlighted how each data piece must be considered and weighed when making decisions during the Priority Setting and Resource Allocation process. See [Appendix A](#) for Smith's slide deck.

Needs Assessment Updates

Needs Assessment Chair Shannon Farrar was absent due to illness. Kayla Earley presented a Needs Assessment Report in her place. Earley presented progress thus far in the 2019 Needs Assessment and compared the PB's progress to that of last year:

1. In 2018, the Ryan White Program spent \$31,763 to complete the needs assessment with a contractor and received 82 responses from PLWH.
2. As of 8:00AM on 5/15/19: The Planning Body spent \$2,633 and received 459 needs assessment responses:
 - a. 143 HIV-positive responses; 316 HIV-negative or status unknown

The needs assessment runs through June 30, 2019. Earley asked participants to ask at least 10 consumers each to complete the assessment. Earley thanked members who have already shared the assessment with consumers, support groups, and other consumer groups.

Request for Membership Referrals

PB Co-Chair Chelsea Gulden shared that the Membership Workgroup is small and needs more members. Gulden asked members to contact Membership Chairs Lamar Gill and Annette Huffstead if they are interested in serving on this workgroup and notified members that Gill and Huffstead may contact them directly.

Quality Management Performance Measures

Valetta Rhinehart, Ryan White Program Quality Management Coordinator, shared:

1. An explanation of the meaning of Quality of Care
2. Performance Measures for Ryan White Part A Providers as of 4/30/2019
3. Continuum of Care Measures for Ryan White Part A
4. Performance Measures for end+disparities ECHO Collaborative, highlighting 5 distinct groups that require additional support in achieving viral suppression, including:
 - a. Black, African American, and Latina Women
 - b. MSM (men who have sex with men) of Color
 - c. Transgender People
 - d. Youth age 13-24
 - e. People not stably housed

See [Appendix B](#) for Rhinehart's full tables and graph.

Closure

Meeting adjourned with Gulden providing reminders for next meeting: Priority Setting & Resource Allocation.

Appendix A: An Overview of HIV/AIDS Surveillance Data in the Charlotte TGA

HIV | SURVEILLANCE REPORT Infections, Diagnoses and Reports

Year of INFECTION

Year a Person is Infected

- Difficult to Determine
- May Not Be Determined until months or years after infection

Year of DIAGNOSIS

Year When A Healthcare Provider or Lab Diagnoses

- Better Data Available for this measure
- May Not Be Determined until months or years after infection

HIV | SURVEILLANCE REPORT Infections, Diagnoses and Reports

Year of INFECTION

Year a Person is Infected

- Difficult to Determine
- May Not Be Determined until months or years after infection

Year of REPORT

Year When HIV Case is Officially Reported

- Better Data available for this measure
- May not be Timely
- May Not Be Reported until months or years after infection or diagnosis

HIV | SURVEILLANCE REPORT Infections, Diagnoses and Reports

In the United States,

Year of INFECTION

There were an estimated **38,700** new HIV infections in 2016

Year of DIAGNOSIS

There were an estimated **38,739** new HIV diagnoses in 2017

Appendix B: Quality Management

Quality Management Performance Measures as of 4/30/2019

	Performance Measure	Numerator / Denominator	Percent	TGA Goal
Core01	HAB: HIV viral load suppression	2212/2597	85.18%	85%
Core02	HAB: Prescription of antiretroviral therapy	2556/2597	98.42%	98%
Core03	HAB: HIV medical visit frequency	1060/2068	50.81%	60%
Core04	HAB: Gap in HIV medical visits	524/2154	24.33%	18%
HAB03	CD4<200 with PCP prophylaxis	136/153	88.89%	100%
HAB09	Hepatitis C Screening	2499/2597	96.23%	90%
HAB10	HIV risk counseling	2365/2597	91.07%	100%
HAB13	Syphilis screening	2186 /2595	84.24%	92%
HAB14	TB Screening	2414/ 2566	94.08%	90%
HAB15	Chlamydia Screening	779/ 885	88.02%	85%
HAB16	Gonorrhea Screening	779/ 885	88.02%	85%

Continuum of Care: HIV/AIDS Bureau (HAB) Performance Measures

end+disparities ECHO Collaborative: As of 4/30/2019

Performance Measure: Viral Suppression	Numerator / Denominator	Percent
African American / Latina Women	476/ 554	85.92%
MSM of Color (Men who have sex with men)	900/ 1072	83.96%
Transgender People	31/ 39	79.49%
Youth age 13-24	87/122	75.44%
Not stably housed	86/114	75.44%
